

# 公共施設 予約システムが 新しくなりました

The screenshot shows the homepage of the 'Mito City Public Facility Reservation System'. The top navigation bar includes links for 'Color and font size settings' and 'Login'. Below the navigation, there are five main search and filter options: 'Check availability status', 'View facility details', 'View event details', 'View facility information', and 'View user guide'. A large search bar at the top says 'Search facilities by detailed conditions'. Below it are three boxes: 'View facility availability' (with a building icon), 'View availability by date' (with a calendar icon), and 'Search by purpose' (with a pen icon). Each box contains explanatory text.
